Letter of reference

Upon our order, the company of Partnerstwo PPK has rendered services connected with transactions between the consortium members.

Advisors from the company have been capable to provide solutions even in difficult and seemingly hopeless situations. The solutions provided were at the same time safe and optimal with regard to fiscal law. We were fully satisfied with the efficiency and professionalism of the company's employees.

In our opinion, Partnerstwo PPK has proved its reliability and is worth recommending.

Frédéric Nicolon
President of the Management Board
